We can use **lines**, **dots** and **shapes** to create different **patterns**.

1 Find and circle the details in the artwork.

Peace Through Chemistry I, Roy Lichtenstein, 1970

2 Describe the illustration.

Talk about art

woman

microscope

black

man

beaker

white

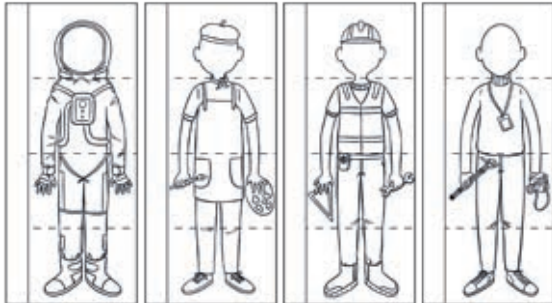

I see a ...
scientist.

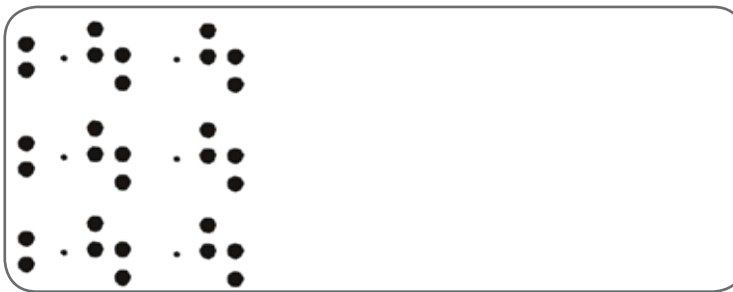

Create!

3 Watch.

Use the pop-out!

4 Complete the patterns.

dots

3D dots

zigzag

Greek key

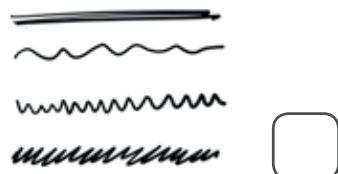

5 Make a Jobs book. Decorate the book with patterns.

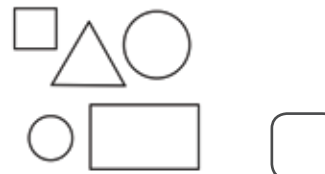

Review

6 Tick.

Have you got ...?

lines

shapes

colours

How can we show sound and movement in comics?

In comics, we can show movement with **motion lines** and sound with **sound effects**.

1  Look and match.

Thinking routine

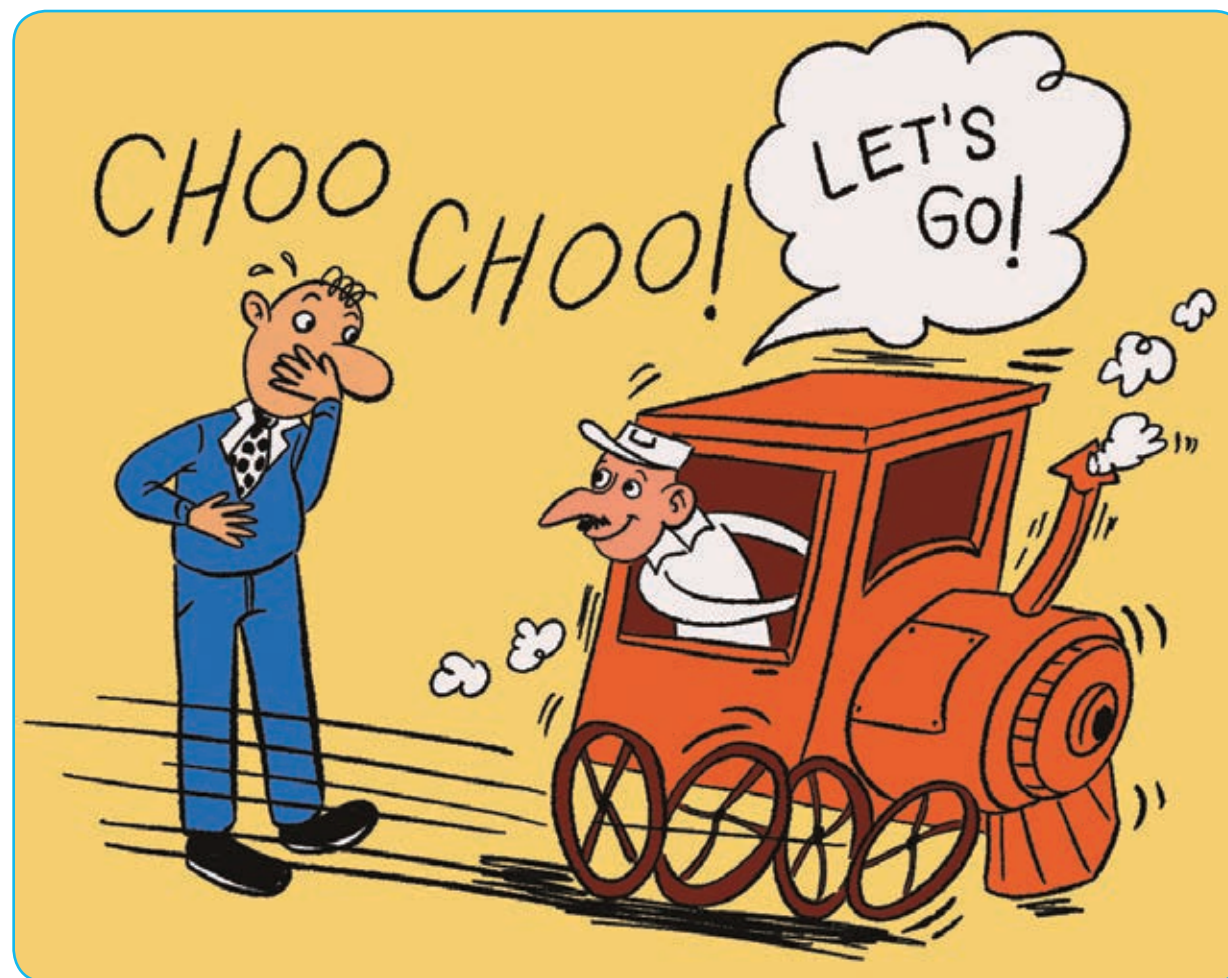

Act it out!

motion lines

sound effects

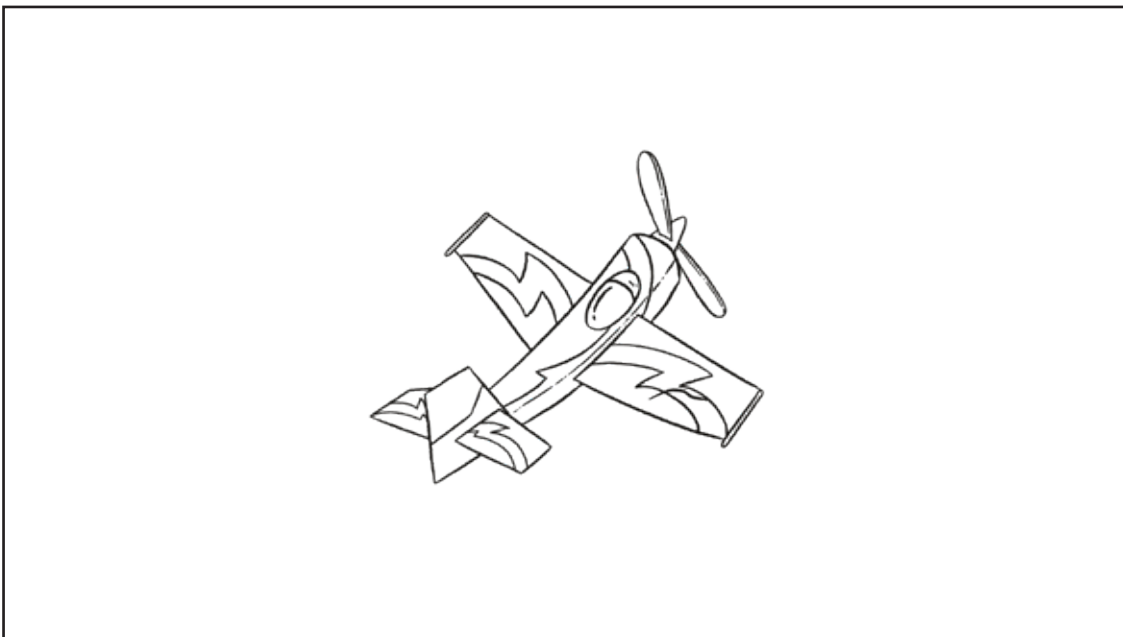

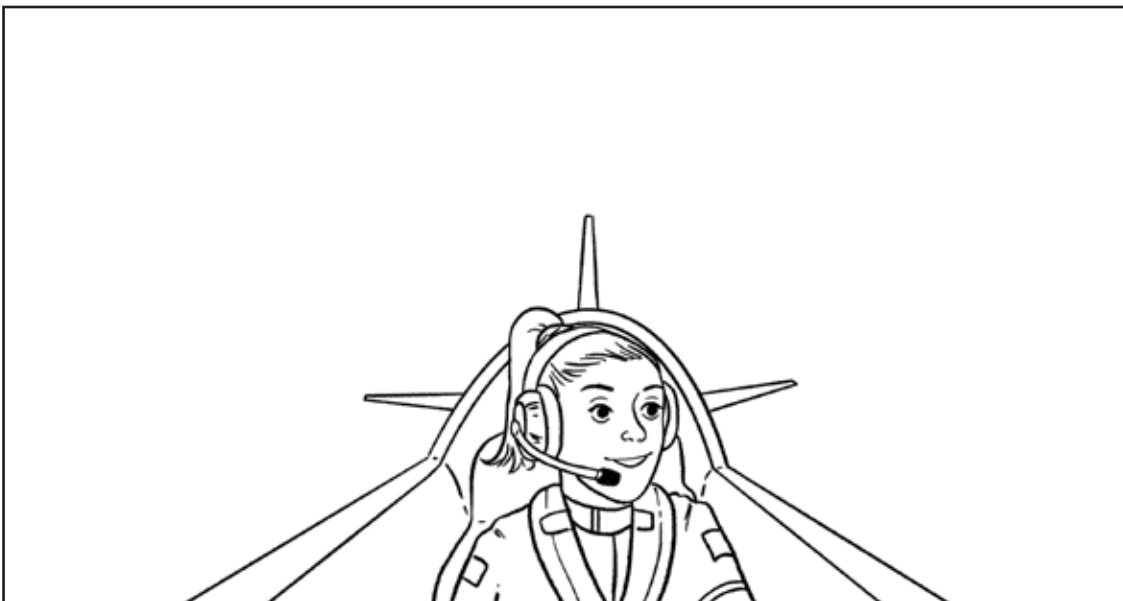

At home

Find sound effects and motion lines in your favourite comics.

Create!

2 Complete the comic with motion lines and sound effects.

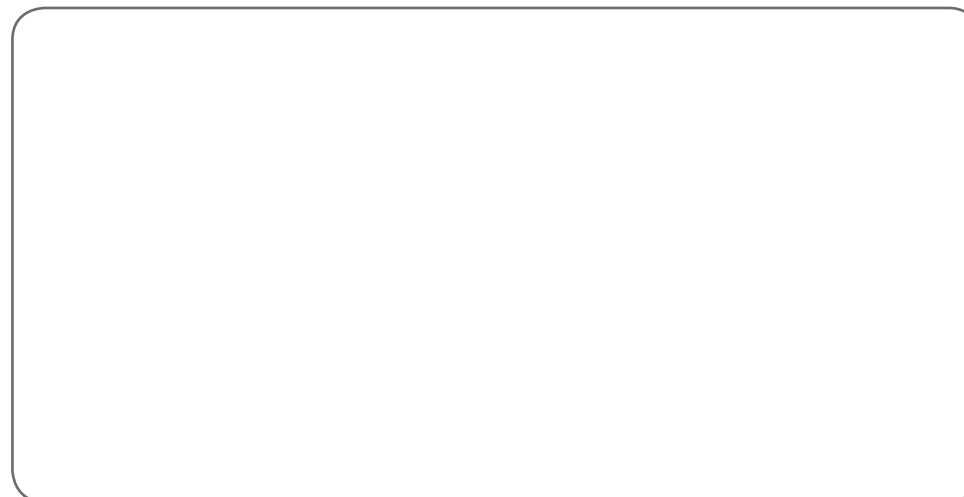

Be mindful

001 Listen to the sound effects.

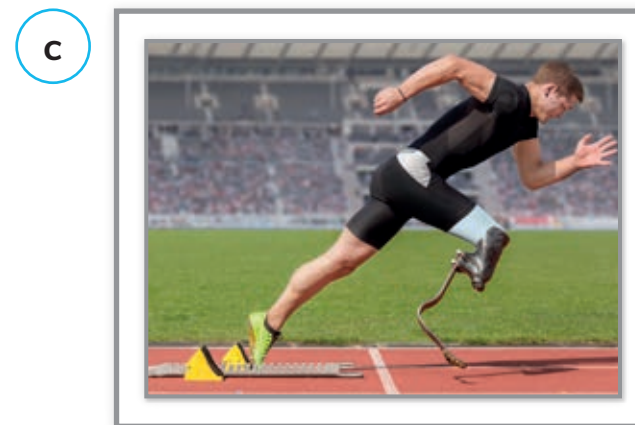

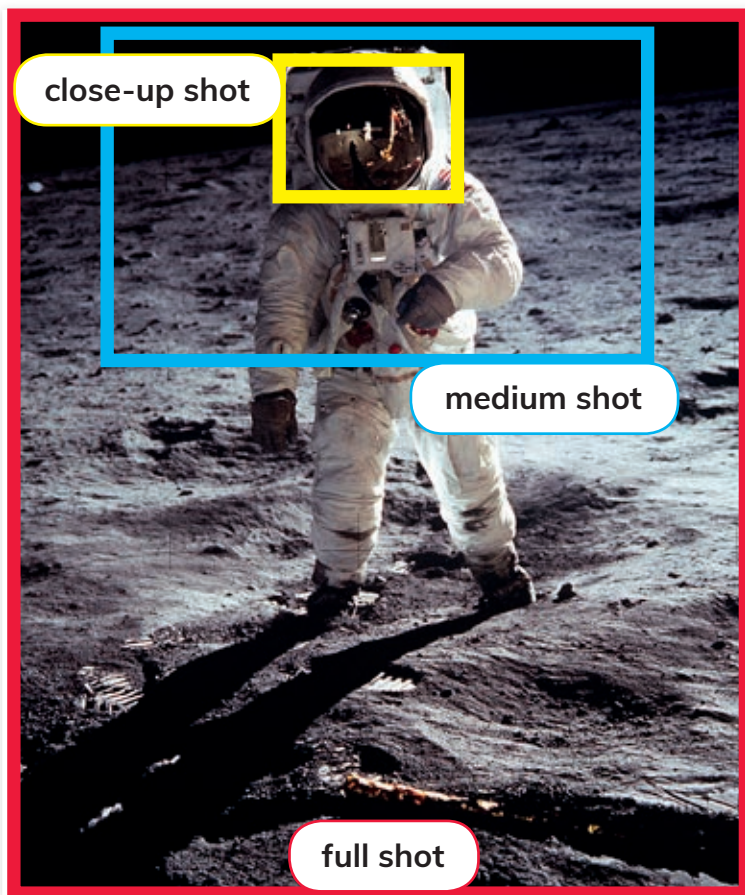

Draw a sound effect to show how you feel.
